

Aleksandr Chakroff

Research | Ethics | Cognitive Science | Experimental Psychology

alekchakroff@gmail.com | +1-617-955-7699 | [linkedin/alekchakroff](https://www.linkedin.com/in/alekchakroff)

Mission-driven researcher with the goal of connecting cutting edge academic insights to real-world applications.. Uses insights from behavioral science & psychology to reduce harm and increase flourishing in the face of emerging online threats, and technology that is ahead of the curve. Presently interested in development of safe, responsible, and value aligned AI.

Professional Experience

Happyverse
2025

Product Research Lead, [Happyverse](#)

- Led research efforts to identify key user needs and product niches for AI avatars
- Crafted measurement strategies for satisfaction, engagement, & trust

**AI Objectives
Institute**
2023 – 2024

Researcher, [AOI](#)

- Researched ways to represent human moral values in AI systems
- Helped craft a tool that automatically rewrites news headlines to be more accurate, less inflammatory, and less like “click bait”

Google
2018 – 2023

Researcher, [Jigsaw](#)

- Foundational research to understand why misinformation is shared - and how to reduce engagement with it.
- Studied “Accuracy nudges” as interventions to reduce spread of misinformation.
- Initiated partnerships with external academic researchers.
- Maintained relationships with XPA teams, such as Search Trust & Safety.

Quantitative UX Researcher, Google Search

- Developed metrics to understand user journeys using Search for information needs
- Regularly queried search logs with billions of data points
- Designed and executed studies to understand user sentiments towards design
- 20% project ethics consulting for [AI for Social Good](#)

Charlie Finance
2016 – 2018

Software Engineer

- Designed and built personal finance chatbot for SMS & Facebook Messenger
- Startup first hire: As a generalist, worked as SWE, PM, Analyst. . .
- Delivered user-facing actionable insights to help people make better financial decisions
- [hicharlie.com](#) (acquired by [Chime](#))

Boston College
2015 – 2016

Postdoctoral Research Fellow

- Launched crowdsourced behavioral experiments using Amazon Mechanical Turk
- Published findings in top scientific journals and popular media

Harvard
2010 – 2015

Graduate Research Fellow

- Developed a novel analysis to pull fMRI data into a lower dimensional space, and assigned value to positions within that space based on reliability of representations across people.

Education

Harvard University
2010 – 2015

PhD, Cognitive Neuroscience
Dissertation: [*Discovering Structure in the Moral Domain*](#)

Hampshire College
2002 – 2006

BA, Cognitive Science
